Re: Hyden-Leslie County Water District
Water System Improvements
PSC Case # 2010-00384
SME # 03001

Mr. Maggard:

Can you please give me an update on the progress of the Hyden'Leslie County District project described above? I received your letter of February 8 informing me that the project was approximately 15% complete at that time. Thanks you.

As a reminder, the ordering paragraphs of this final order require the following:

- Hyden-Leslie shall notify the Commission one week prior to the actual start of construction and at the 50 percent completion point.
- Hyden-Leslie shall file a copy of the "as-built" drawings and a certified statement by the engineer that the construction has been satisfactorily completed in accordance with the contract plans and specifications within 60 days of the substantial completion of the construction certified herein.

Thank you for your attention to this matter.

Sincerely,

Linda Faulkner
Filings Director
